(12pt, Arial) EITA-Bio 2015--the 3rd Bio conference (or EITA-EITC 2015, the 15th Emerging Information and Technology Conference) will be held on Saturday-Sunday, October 24-25, 2015 at Barry Lam Hall, College of EECS, National Taiwan University, Taipei, Republic of China (Taiwan). The conference theme of the EITA-Bio 2015 is "Recent Advances in Biomedical Research". Please visit the EITA-Bio 2015 website for more conference details.

The main purpose of the EITA-Bio 2015 conference is to connect the dots to form a big picture for vision and talents. This conference, bringing together a global network of today's best thinkers, visionaries and thought leaders, serves as a multi-disciplinary forum for the discussion and exchange of information on the research, development, and applications on all topics related to Biomedical Science and Engineering.
